PUBLISHING TECHNOLOGY & SOLUTIONS

WE CAN DO EVERYTHING
but we will only do what you want us to.

PTS TESTIMONIES

“ **WE’VE BEEN WORKING WITH PTS SINCE THE BEGINNING**

- the personal contact, their knowledge and skill sets have been both helpful and comforting. I’ve been recommending them for years!

– **Conor McGoey**, Inside Up Games

“ **PTS IS ESSENTIAL FOR OUR BUSINESS,**

– from all their services, we receive quick responses and prompt actions. We definitely feel that we are an important partner and are taken seriously. Their sales department has a wide range of partners world-wide, and we have increased our sales dramatically because of this. Their Sales rep are very nice to work with and are willing to go the extra mile.

– **Eilif Svensson**, Aporta Games & Chilifox Games.

explosm

“ **PTS HAVE BEEN A FANTASTIC LOGISTICS PARTNER FOR US**

Always quick to respond to emails, fair pricing and quick and accurate fulfillment.

– **Alex Murty**, Explosm

“ **WE HAVE BEEN VERY IMPRESSED BY PTS**

- and have no reason to shop around when looking for fulfillment partners PTS has been completely reliable. They’re always the fastest with their fulfillment quotes and have the best format.

– **Ryan Moore**, Bezier Games

“ **A RELIABLE PARTNER IN OUR BOARD GAME VENTURES**

– their localization and logistics work has helped us out across several projects.

– **Helaina Cappel**, KTBG

“ **TO ME, PTS HAS BEEN AN EXCELLENT PARTNER,**

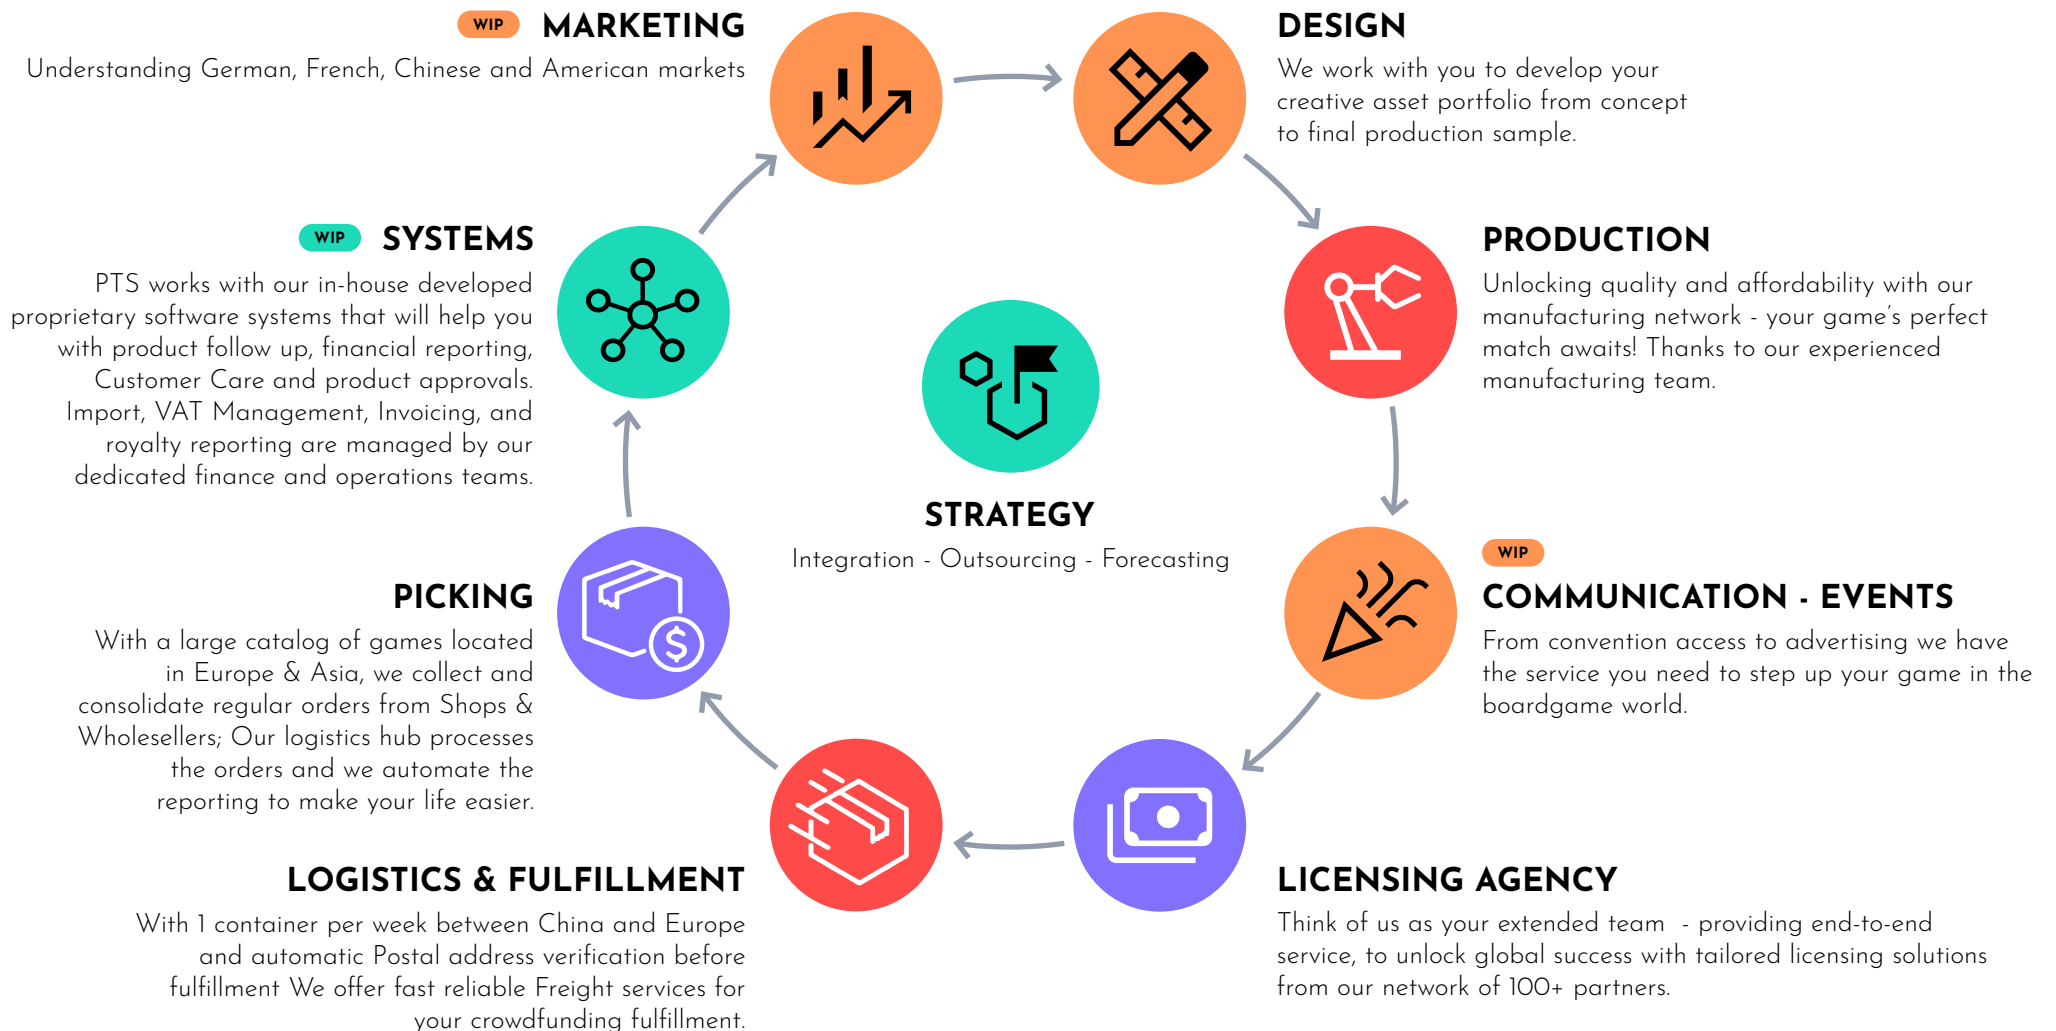

– as they take care of sales, storage, distribution, licensing and more. Equally important, everyone I’ve had the pleasure of getting to know at PTS is always friendly, helpful, and knowledgeable. The partnership allows me to focus on game design and product development, all the while knowing that my games are in the best of hands.

– **Kristian A Østby**, Alion Games.

GAMES LOCALIZED
UP TO 27 LANGUAGES!

DESIGN & MARKETING

Understand German, French, Chinese and American markets. We work with you to develop your creative asset portfolio from concept to final production sample.

Graphic design expertise

Our team of seasoned art directors and graphic designers brings your game to life with stunning visuals and immersive artwork. Combining artistic flair with industry expertise, we craft visually captivating game components that enhance gameplay and captivate players. From eye-catching box art to intricate card designs, passing through spicy marketing ideas, our graphic experts ensure that every aspect of your game reflects the quality and innovation it deserves, setting it apart as a must-have in any collection.

Marketing

Our marketing prowess lies in our deep understanding of the German, French, and American markets. By crafting products that resonate with customer needs and effectively communicating their value, we drive sales and build brand awareness with precision.

Translation

Unlock the French market for your game without localization hassles with another publisher. We're equipped to translate your game and expand your reach.

Case study - MicroGames line

Market Analysis: PTS conducts thorough market research to understand the demand and identifies target audiences who enjoy quick, portable, and affordable games.

Product Development: Matagot designs microgames that cater to the preferences of modern gamers, offering innovative gameplay mechanics, compact packaging.

Pricing Strategy: We employ a competitive pricing strategy for our microgames of 7,90€, ensuring that they provide excellent value for money while remaining cheaper than their competitors.

Distribution Strategy: Matagot leverages various distribution channels, including online retailers, local game stores, and international partners, to ensure widespread availability of its microgames to target customers worldwide.

Communication Strategy: our team launches a new game every month to keep the customers engaged, partners with influencers to promote its microgames and create a marketing display to be seen first on counter local stores.

EXPERIENCE SPEED WITH FAST-TRACK SERVICE

Ideal for urgent needs, it prioritizes your projects for quick completion.
